

**VERIFY TARGET WAS PRINTED TO SCALE:**  
Place a quarter in the circle to the right.

You should be able to see the black line on the outside edge of the quarter. If not, you need to verify your settings to print at 100% scale.

**INSTRUCTIONS:** For optics where 1 click = 1" @ 100 yds. (1 MOA): 10 clicks at 10 yards is ~1" on paper. Use corresponding numbers on target for windage and elevation corrections.

**NOTE:** Circular rings represent the X, 10 & 9 ring of B-8 bullseye target.

## RDO HANDGUN ZERO TARGET – 10 YARDS
